	IRINS@ IITI	IRINS is a web-based Research Information Management (RIM) service developed by the Information and Library Network (INFLIBNET) Centre, in collaboration with the Central University of Punjab. The IRINS helps to showcase and facilitate discovery of research of various departments and individual faculty members. Publications information from various researcher identification

		<p>systems such as Scopus ID, Researcher ID, Google Scholar ID, and Microsoft Academic Search ID is imported and integrated with ORCID. The Graphical representation of research and metrics reflecting research impact can be checked at both department and individual level.</p> <p>The IRINS helps faculty members showcase their research contributions and see the impact of their research easily. It helps research scholars to find mentors or advisors. It helps administrators in maintaining research reports and impact analyses.</p> <p>Please visit <a href="http://iiti.irins.org">http://iiti.irins.org</a></p>
